

Only from Nemco!

Easy Flowering Onion™ Cutter

Take all the labor out of this high-dollar customer favorite for a profit of 700% or more!

Manufactured
In The USA 

a 'Colossal' Moneymaking Opportunity

Cash in big time on the immensely popular flowering-onion appetizer with this easy-to-use manual tool that reduces all the painstaking labor down to one pull of a handle.

Super-Fast ROI

When you can make 'em as fast as they eat 'em, just imagine. . . This machine pays for itself after only one 50 lb. bag of colossal onions!

- Load a peeled onion and pull the lever. It's that simple and fast. All the labor comes out of the process, but not the presentation—or the price.
- The ergonomic handle and lever action take all the strain off the user, further maximizing productivity.
- Easily disassembles for cleaning too!

Relentless Performance

For a menu item this popular, you can't afford a breakdown.

- All cast-aluminum and stainless-steel construction for durability.
- High-strength bearings stand up to nonstop, heavy-duty activity.
- Wide base and suction-cup feet provide reliable balance and stability—yet, it remains extremely portable.
- Compact design makes it easy to fit on the countertop or store away.

Suggested Uses

Create the perfect signature-item appetizer using colossal or regular-sized onions. Or dip the ends of a flowered raw onion in food coloring to produce a magnificent onion garnish.

General Specifications

For Model No. 55700

Dimensions

Equipment (w x d x h)	13½" x 11¼" x 17"
Shipping carton (w x d x h)	14¼" x 18½" x 17¼"
Equipment weight	16 lbs.
Shipping weight	20 lbs.

Optional Accessories

Model	Description
55511	Blade assembly

Core Cutter

The Easy Flowering Onion Cutter's sidekick
The Core Cutter easily removes the onion core, creating a space to add a ramekin filled with delicious dipping sauce. Unit comes with two different core cutter sizes—2¾" and 1¾"—and an adapter that works for smaller onions.

Replacement parts are available through Nemco's 24-hour Zip Program.

Nemco reserves the right to make design, specification or model changes without notice.
